

Off-service bus catches fire

A fire in the engine compartment of an off-service bus along Admiralty Road early yesterday morning gutted its interior to a mess of ash and exposed metal seat frames.

SMRT service 187 was travelling towards Jurong East at 6.15am when its driver saw smoke billowing from the rear of the bus. He stopped and tried to put out the fire, but was unsuccessful. A passer-by called the Singapore Civil Defence Force, which arrived and put the fire out. No one was hurt.
